**Indications:**
- Drains Mesenchyme of the body
- Spleen, Thymus & Lymphatic Drainage
- Immune Support

**Drainage and Tonification is central to the healing process.** It is well understood that until the extra cellular matrix is clarified, there will not be complete cellular resolution. 1) BioToxicosis remedies assist in the clarification of the systemic drainage pathways 2) Spagyric botanicals decongest, drain and detoxify at the physical level and 3) the Milieu Series provide homeopathic drainage at the point of focal interference/blockages to drainage. Utilizing this combination, the local and systemic extracellular matrix drainage pathways are liberated and healing is the natural outcome as obstacles to cure are diminished as an issue.

**Homeopathic drainage is considered to be a functional process,** traditionally accomplished using low potentized remedies. Today, the increasing xenobiotic (toxin) onslaught approach.

The Milieu Series of remedies were thoughtfully crafted with the addition of complementary tonification factors assisting in preparing the body for essential, deeper, safe detoxification.

Each remedy provides gentle over time yet efficient and effective drainage and tonification, without causing the immediate release of cellular toxins for improved benefit and result.

A blend of low potentized, ascending homeopathic botanicals, cell salts and flower essences to ensure a well measured and proportionate response.

**Western-approach clinicians report successful integration of the Milieu drainage and tonification remedies in acute situations.** TCM practitioners find that drainage remedies nourish the blood, chi, yin and yang via unburdening body toxicities. Similar results are reported in healing arts’ approaches around the world, including Ayurveda, South American traditional medicine, etc.

**The process of detoxification** refers to techniques used to assist in the movement of stored toxins from the extracellular spaces of the liver, colon, etc. Detoxification methods can be quite helpful, but often provide only temporary benefit as they do not address the intracellular toxins accumulated throughout the body.

**Drainage without tonification will prove ineffective, as cells and organs may well buckle under the strain of detoxification.** The patient may feel better initially, however, in the long run, the damage will be apparent often in the form of other conditions.

Drainage Milieu

Materia Medica

**Calcarea iodatum (Calcium Iodide) 6X, 12X, 30X** - It is used for the enlargement of lymph nodes, swollen tonsils, chronic otitis media, thyroid disorders, ulcerative varicose veins and tendency to colds.

**Capsicum annuum (Cayenne Pepper) 3X** - Cayenne pepper exerts a number of beneficial effects on the cardiovascular system. It reduces the risk of developing arteriosclerosis by reducing blood cholesterol and triglyceride levels. Cayenne is also thought to reduce platelet aggregation and increases fibrinolytic activity. It stimulates endorphins and metabolism.

**Echinacea angustifolia (Coneflower) 1X, 3X** – Research studies show that echinacea contains active substances that enhance the activity of the immune system, relieve pain, reduce inflammation and have hormonal, anti-viral, and antioxidant effects. For this reason, professional herbalists use echinacea to treat urinary tract infections, vaginal yeast (candida) infections, ear infections (also known as otitis media), athlete’s foot, sinusitis, hay fever (also called allergic rhinitis & other allergic conditions), hormonal balancing, menstrual problems, as well as slow-healing wounds.

**Germanium sesquioxide (Germanium) 3X** - Germanium sesquioxide helps support the body’s natural immune defenses. Germanium helps maintain the body’s natural production of gamma interferon and natural killer cells. Studies indicate that germanium exhibits antioxidant potential.

**Lymph (Sarcode) 3X, 6X, 30C** - Lymph is the fluid that is formed as the interstitial fluid (ISF) enters the lymph vessels by filtration. As it flows through the lymph nodes it comes in contact with blood and tends to accumulate more cells (particularly, lymphocytes) and proteins. The two primary lymph systems are the thymus gland and the bone marrow, where the immune cells form or mature.

**Nitricum acidum (Nitric Acid) 12X** - It is a deep acting remedy which positively influences the gastro-intestinal tract, nerves, glands, bones and endocrine system. It helps treat infections of the mucous membranes and urinary tract, vitiligo, warts, ulcers, gastritis, malignancy, joint pain and hemorrhoids.

**Phytolacca decandra (Poke Root) 3X** - Poke root has a very favorable influence on the glandular system, inciting and increasing its actions. It regulates the liver and bowels, cleanses the blood and is highly valued in conditions due to impurities in the blood. The primary chemical constituents of Poke root include triterpenoid saponins, alkaloids (phytolaccine), phytoalocic acid, fornic acid, lectins, tannin, anti-viral protein (PAP), fatty oil, resin and sugars. It is an alterative which will gradually restore the proper function of the body and increase health and vitality to the lymphatic system.

**Scrophularia nodosa (Figwort) 3X, 6X, 12X** - Figwort has been used to help treat ailments associated with the lymphatic system and also as a cardio-tonic. It is said to be used with good results in the relief of eczema and psoriasis. Figwort is also considered a mild diuretic and effective laxative.

**Shark cartilage 5X** - Obtained from the spiny dogfish shark and hammerhead shark. This supplement is used to treat Cancer, Arthritis, osteoporosis, Kaposi’s sarcoma, macular degeneration, psoriasis, and inflammatory disorders. It has immune-stimulant properties and is used to aid the lymphatic system when under xenobiotic burden.

**Spleen (Sarcode) 3X, 6X, 12X** - A large, highly vascular lymphoid organ, lying in the human body to the left of the stomach below the diaphragm, serving to store blood, disintegrate old blood cells, filter foreign substances from the blood and produce lymphocytes.

**Sulphur iodatum 12X** - It is used to help chronic skin conditions and swollen tonsils and lymph nodes.

**Thuja occidentalis (White Cedar) 3X** - Thuja is used for respiratory tract infections and an anti-viral, used in the treatment of bacterial skin infections and Herpes simplex. It makes an effective expectorant and decongestant remedy and may be used to treat acute bronchitis and other respiratory infections. Thuja helps to induce menstruation and can be taken to bring on delayed periods, although this use is inadvisable if menstrual pain is severe.

**Thymus (Sarcode) 3X, 6X, 12X** - The main function of the thymus is to provide an area for T lymphocyte maturation, helping in the risk of Chronic Fatigue, hormonal imbalances, menopause, exhaustion and underpowered therapies.

**Trifolium pratense (Red Clover) 1X, 3X** - Herbalists have long prized this herb for its traditional use as a blood purifier, expelling toxins from the bloodstream. It is used to treat the nervous system and its expectorant and antispasmodic action give this remedy a role in the treatment of coughs and bronchitis, but especially in whooping cough, dry cough and colds. As a digestive aid, Red Clover stimulates the production of digestive fluids and bile. It is also said to relieve constipation and help soothe inflammation of the bowel, stomach and intestines. It contains stilbene, which is believed to stimulate estrogenic activity, thus possibly increasing fertility and reducing "hot flashes" experienced by women during menopause.

**Flowers**

**Crab apple 30C** - Cleansing, inner purity, resolving self disgust issues.

**Hornbeam 30C** - Enthusiasm, resolving attitudes of weariness & burden.

**Oak 30C** - Balanced strength, letting go of inflexible patterns.

**Olive 30C** - Revitalization, overcoming exhaustion after struggle.

**Pine 30C** - Self-acceptance, dissolving criticism and blame.
