

ESTRIOL - Estrogen Support

NEW SCIENTIFICALLY-CORRECT BREAKTHROUGH FORMULA!

**LOW DOSE, BIO-IDENTICAL,
NON-TOXIC, GLUTEN-FREE CREAM**

**Physician Formulated for
Maximal Penetration and
Healthful Results**

After researching and working to create, test and substantiate this SCIENTIFICALLY CORRECT, NON-TOXIC, STRONGEST POSSIBLE NON-prescriptive formulation, which utilizes my INGREDIENT OPTIMIZER CREAM BASE that I use to NON- TOXICALLY and BEST treat my patients in my medical practice, I believe everyone should have access to this UNIQUE, healthy alternative to those on the market today, which often contain or require addition of chemicals that are MEDICALLY best avoided, are proven to be harmful, poorly absorb the active ingredient or decreasingly absorb over time, thwarting therapy, or promoting noncompliance due to undesirable smell or greasy feel on the skin.

ESTRIOL has been shown to assist in helping to protect women from the risk of cardiovascular disease, breast cancer, osteoporosis, Alzheimer's disease, urinary incontinence and vaginal atrophy/dryness. It energetically helps to promote skin elasticity thus tightening and helps reduce symptoms of menopause—mood swings, hot flashes, depression, fatigue, anxiety, brain fog.

One full pump dispenses about 0.5 g of cream, providing 2mg of USP Natural Estriol.

- ◆ Helps to work very quickly after placement on ANY skin type, anywhere on the body, over any length of time of usage, due to its superior **PENETRATING** abilities and HEALTHFULLY - ANYWHERE on the skin.
- ◆ NON-TOXIC, free of all harmful preservatives, gluten and chemicals, so will NOT increase- inflammation, disease risk, medical challenges and resulting inflammatory skin and body conditions, their symptoms and irritations.
- ◆ Leaves NOTICEABLY (versus others), NO RESIDUAL on the skin so a NON-greasy, DESIRABLE cosmetic feel and smell on ANY skin type, male and female, anywhere on the body, OPTIMIZING use and SATISFACTION, to HEALTHFULLY provide BEST results needed to work MOST effectively and desirably, at its lower amount and application rate.

Suggested Use: One pump once a day anytime if needed to help support natural levels, generally age 45 or older, ideally after bathing before skin products. Generally over age 50 may use twice a day in the AM and PM. Alternate where you place on skin, anywhere on body, as may help promote skin rejuvenation. For external use only.

Ingredients: water, extra virgin coconut oil, Olivem 1000 (cetearyl olivate and sorbitan olivate), stearic acid, USP Natural Estriol, glycerin, citric acid, vitamin E acetate, potassium sorbate

Keep out of reach of children. We always recommend that you consult a health practitioner before using this and every- thing. Do not use if pregnant, lactating or at risk for breast cancer. Test and discontinue use if irritation or red skin were to develop.

I recommend you consult your Health Care Practitioner always before using this and all health products, as you may need hormone testing due to symptom challenges, to investigate WHY you are experiencing these symptoms, try to identify, treat and address the cause NOT just treat symptoms forever.

Please visit www.juliathuntermd.com to order product and more information on WHY you may be experiencing these challenges, contributing problems, and find possible solutions by addressing the skin and body as a whole.
