Thyroid 120mg/gm Cream

Qty made: 100 GM

- | | |
|--|------------|
| 1. Thyroid, USP Micronized (porcine) Powder | 12 gms |
| 2. Lavendar oil | 1.444gm |
| 3. Ethyl Alcohol, USP 200 Proof Letco | 5.333ml |
| 4. Skin Physiology Ingredient Optimizer Base | 100 gms QS |

Instructions:

1. Weigh all ingredients and verify
2. Place a clean mortar or bowl on top of the scale, zero out the scale
3. In a clean mortar or bowl of known weight, dissolve the Thyroid powder in ethyl alcohol 200 proof using a spatula to form a smooth slurry not a paste.
4. Gradually add the base cream into step 3, triturate well to ensure uniform mixing with spatula or pestle.
5. Add lavender oil to step 4.
6. QS to final weight with the base cream on scale to bring up to desired weight.
7. Mix well with spatula or hand mixer. Mill only if necessary if particles are seen.
8. Examine final product, make sure the final product is smooth before packaging.

Storage:

Room temperature, do not freeze or expose to extreme heat.
