I saw from treating patients of all ages, skin colors, sexes and skin problems in my office, from my own and my staff's skin, studying the results of patients treated by SO many others and observing skin everywhere I go throughout the world - that despite being awash in a sea of products, even in the medical professional marketplace, what remained missing and needed, was MAXIMAL therapy, NON-toxic, SCIENTIFICALLY CORRECT, BEST and QUICKEST VISIBLE AND PROBLEM SOLVING RESULTS skin products and peels- for men, women, teens and children that also could treat medical and cosmetic challenges at the same time and without needing so many different products . So I formulated these products, initially just for my patients then I was convinced and felt compelled to share with everyone, to provide THE most visible results scientifically possible, on the market today, to protect, rejuvenate, restore, treat skin pathologies NON-toxically, slow down and turn back the ticking of the clock in ALL skin types, sexes and colors.

CORRECT skin products and peels are the firm foundation of skin health and beauty. You want to spend your precious time and monies on what works, best AND is NON-toxic so does not create present or future visible and/or internal problems in the skin and body. The ingredients in all my products and peels are chiral, which means chemically correct, thus provides the BEST RESULTS, as all pharmaceuticals have been mandated by the FDA to be, meaning the body can recognize and utilize in a positive, not negative side effect producing way, and MOST importantly MAXIMALLY penetrate, to reach the most cells that need to be revitalized and repaired. They are non-inflammatory because inflammation is a major cause of disease and aging and you do NOT want to buy what adds to the inflammation that our toxic world, life, sun, stress, food and time result in and thwarts the goals you seek solutions for. Although they are formulated with POTENT ingredients in MAXIMAL concentrations and structure to achieve the results we all need and seek - they will not negatively irritate nor damage skin or body cells nor absorb toxicities into the body.

My goal is for us all to achieve THE MOST VISIBLE RESULTS that skin products and peels can provide, by MAXIMALLY empowering and enabling prevention and the skin's natural yet weakened ability to repair itself to a less diseased and compromised state of functioning, so we can turn back and slow down the physiological clock and provide solutions for every type of skin problem, as much as scientifically possible and in a NON-toxic way. Addressing ALL the pieces of the body's puzzle is the ONLY way to BEST achieve anti-aging, health, beauty and disease prevention.

Why Wholistic Dermatology... The skin is the largest organ of the body's orchestra of organs and a window to what is going on inside the body. Along with SKIN FITNESS PLUS and SKIN PHYSIOLOGY, I synergistically address the skin from within with the correct supplementation, organ protecting, detoxifying and restoring formulas, bio-identical, mimic nature dosages of nontoxic, for every type of male AND female internal and external skin, cream hormones and protocols so the

entire body is working harmoniously, least challenged and most youthfully to BEST and most quickly achieve MAXIMAL visible and physical results and solutions to problems. The body is a factory that needs correct raw materials for the cells to construct its products.

From HEALTH comes beauty AND my side effect of creating beauty is health. Without health, in my medical experience, EVERYTHING you do to promote and preserve beauty and skin problem solutions works 30-50% at best with lessened longevity of results. MY goal in medicine has always been to identify all the causes of the problem and attempt to cure, as much as scientifically possible, rather than just treat symptoms in perpetuity. The body must be looked at and addressed as a whole, inside and out, utilizing best tools for the jobs to optimize anti-aging, health, beauty and disease prevention.
