

COSMETIC & MEDICAL TREATMENT SOLUTIONS FOR EVERY SKIN CONDITION, TYPE, COLOR, & GENDER

This truly unique and maximally comprehensive healing formulation of powerful healthy anti-inflammatories combined with the natural organic acids, lactic and all the shielding, empowering of aged grapeskin exfoliating elements are essential to help resolve, penetrate deeply/completely - due to chirality, concentration, purest sourcing, resulting in healthier, more youthful functioning appearing skin.

- Improve elasticity and firmness, increasing dermal matrix component production.
- **Breaking new ground** by not being **sun-sensitizing**, as **not** inflammatory, as most other exfoliants. Although healthy exfoliation removes the dead surface skin, always use SPF 30.
- Promote the cycle of cellular turnover and growth to decrease lines, wrinkles and promote lifting and volumization - **anti-aging**.
- Decrease cell stagnation and help prevent the risk of abnormal cells becoming cancerous and premature aging from sun damage.
- Increase collagen synthesis.
- Soften and Improve/restore/rejuvenate skin texture.
- Reveal smoother, brighter skin with less abnormal, more healthy, and youthful pigmentation. Melanocytes are poorly produced by stem cells as we age, this helps force stem cell function rejuvenation.
- Help to prevent, treat and resolve skin conditions such as acne, hyperpigmentation, age spots and growths, eczema, keratosis pilaris, enlarged pores, stretch marks, scarring, skin cysts.
- Penetrate skin cells with antioxidant shielding/protection to prevent against environmental stress factors.
